

Erasmus+ KA2 Strategic Partnership -Agreement n° 2016-1-ES01-KA202-025275 - Sensnet –

(European learning academy of professionals working with older people with sensory impairments)

SENSNET is a project aimed to create an European Academy that will design, develop, collect, test and valorise an innovative training pathway that will be tailored to the specific needs of professionals who work with people with sensory impairment (vision and/or hearing).

Thus, the main target group of the project are workers at day care centres for older people, geriatric social workers, care workers for seniors, therapists for seniors, GPs, nurses, home-visiting care workers and other professionals that provide services to support people with sensory impairments.
